

CHRISTIAN EVIDENCE

Evidence That Demands A Verdict

1. Only worldview that changes lives from the inside out and that is based on someone greater than ourselves.
2. Only worldview that is consistent with true science and that has thousands of mainstream scientists who support and/or believe in this worldview.
3. Only worldview that is verifiable by outsiders and external sources.
4. Only worldview that is historically accurate and that has proven its critics wrong over and over again with the thousands of archaeological and scientific discoveries that have supported its claims.
5. Only worldview that is the foundation and bases of western civilization.
6. Only worldview that leads the way in humanitarian and compassion work.
7. Only worldview that has legal evidence for its claims.
8. Only worldview that produces the highest quality of life, health, happiness and purpose in people's lives, which mainstream studies and research have backed up.
9. Only worldview with the largest amount of ancient manuscripts that are consistent with each other, history, morality and truth.
10. Only worldview that has thousands of verifiable prophecies to back up its claims.
11. Only worldview that can successfully debate and debunk its critics.
12. Only worldview that can reasonably or logically answer the tough questions of life.
13. Only worldview that has hundreds of internal and external eyewitness reports regarding the death, burial and resurrection of its founder and leader.
14. Only worldview that can stand up to the external investigations, evaluations, examinations and attacks from its critics and come out on top by frustrating, confusing, disarming, debunking and converting its critics.
15. Only worldview that has thousands of mainstream experts and converts in the field of science, history, psychology, medicine, philosophy and sociology that back up its claims.
16. Only worldview that is superior to other worldviews based on its evidence and results.
17. Only worldview that can backup its supernatural claims by modern day miracles or medical mysteries that have been documented in mainstream books and movies.
